

# Military seal of approval for UltraFloor Level IT Super30

The original 'level and lay in a day' product from Instarmac's popular flooring brand, UltraFloor has been used on a refurbishment project at the Honington RAF base.

**CONTRACTOR: SOVEREIGN INSTALLATION SERVICES LTD**

**MATERIALS USED: LEVEL IT SUPER30**

Long-standing UltraFloor customer, Sovereign Installation Services Ltd. were contracted to install new flooring in 30 kitchens within the barrack's accommodation blocks.

A popular solution to flooring contractors, Level IT Super30 has been used nationwide for over 10 years. The product's formulation is free from ammonia and protein, creating a very low odour material suitable for confined areas, proving particularly suitable for kitchens and other hospitality and catering areas in domestic or commercial environments. In addition, the product is designed to compensate for shrinkage and is polymer modified, both adding to its high performance and compatibility.

What really makes Level IT Super30 stand out is that it sets in 30 minutes and is ready to receive unbonded floor coverings after 45 minutes and bonded coverings in 90 minutes. It's the ideal product for fast turnaround projects, easily allowing for floor levelling and floor covering application in a single day - perfect for when there's 30 kitchens to be completed!

This rapid curing underlayment provides an extremely smooth finish and per 20kg unit (bag & bottle) covers approx. 6m<sup>2</sup> at 2mm depth.
