

UltraTile works up an appetite at Slim Chickens

SGB Contractors have used UltraTile adhesives and grouts to install 250sqm of tiles at Slim Chickens' brand new restaurant.

CONTRACTOR: SGB CONTRACTORS

MATERIALS: PROFLEX SP, PROSS FLEX, PROGROUT FLEXIBLE

The much-loved fast-casual food chain, Slim Chickens, have opened their latest restaurant at Bristol Cribbs Causeway shopping centre – the heart of Bristol shopping.

Time was of the essence for SGB Contractors, who had just two weeks to install 250sqm of tiles at Slim Chickens' brand new restaurant. It was imperative that the materials used adhered to the strict restaurant branding to be in keeping with the iconic interior design that Slim Chickens customers love.

UltraTile has a long and successful history of providing trusted and proven tile adhesives and grouts to the hospitality sector. For this exciting location, SGB Contractors used ProFlex SP and ProSS Flex adhesives and ProGrout Flexible grout to install and joint the chosen tiles.

ProFlex SP rapid set flexible tile adhesive is classified as S1 in accordance with EN 12004 and boasts a high level of deformation for greater tolerance to movement. The S1 properties of ProFlex SP makes it the perfect choice for timber floors, swimming pools and underfloor heating systems.

Specially formulated with enhanced adhesion and flexibility, ProSS Flex is a polymer modified adhesive suitable for use with most common substrates and tiles.

Completing the project, SGB Contractors used ProGrout Flexible in Charcoal to grout the tiles.

Designed for areas where movement or vibration is likely, ProGrout Flexible is suitable for joint widths up to 20mm and is washed down easily with minimal effort.

Available in 12 beautiful tones, ProGrout Flexible is mould resistant, boasts a 30-60 minute pot life and will hard set in just 12 hours. What's more, ProGrout Flexible has been developed using ColourShield Technology – a process which involves the addition of a specialist additive for lasting colour protection.

Thanks to the expertise of SGB Contractors and the reliability and durability of UltraTile materials, this project completed on time and the residents of Bristol are now able to enjoy their chicken wings in a beautifully decorated restaurant.
